Certifications | Internships

Geekster | Geekster Coding Bootcamp
- Successfully completed over 200 Data Structures and Algorithms (DSA) coding questions on the Geekster platform, demonstrating proficiency in problem-solving and algorithmic thinking.
- Actively participated in multiple coding contests organised by Geekster, enhancing skills in competitive programming and time management.
- Contributed to diverse projects including a Food Delivery App and an Ecommerce website, showcasing practical experience in software development and project management.

Projects

Food Delivery App [Github-Link] [Hosted-Link]
- The Food Delivery App is a React-based application integrated with Firebase for a seamless user experience. It features real-time updates, search functionality, and a secure authentication system. React Router ensures smooth navigation throughout the app.
- Key Features: Real-time updates, search functionality, secure authentication.
- Tech Stack: Html, Css, Javascript, React, Firebase-DataBase and Firebase-Authentication.

Ecommerce website [Github-Link] [Hosted-Link]
- The Ecommerce website, crafted with React, Redux, and Firebase, offers diverse product categories for users. Seamlessly navigable, it includes wishlist and cart features, ensuring a convenient shopping journey. With Firebase authentication and real-time updates, user accounts remain secure and informed of order status promptly.
- Key Features: Diverse product categories, wishlist, cart management, real-time updates.
- Tech Stack: Html, Css, Javascript, React,Redux, Firebase-DataBase and Firebase-Authentication.

Skills

- **Computer Language** : Java, JavaScript, Html, CSS, TailwindCss
- **Frameworks / Libraries** : ReactJS,Redux Toolkit
- **Additional Courses** : Data Structure and Algorithms
- **Tools & Technologies** : Git, VS code

Education

Year	Degree/Examination	Institution/ Board	CGPA/Percentage
2023	BCA	Integral University	75.5%
2020	12th	UP Board	64.4%
2018	10th	UP Board	74.4%

Achievements and Co-Curricular Activities

- Achieved 3rd rank in Geekster's coding challenge in June 2023, demonstrating strong problem-solving skills and competitive programming abilities.
- Recognized as a top performer on HackerRank, earning 5 stars in the problem-solving assessment, showcasing proficiency in solving complex coding problems.
- Successfully solved over 120 Data Structures and Algorithms (DSA) questions on LeetCode, showcasing a deep understanding of algorithms and data structures.
